Continuation of 5. does NOT place the application in condition for allowance because: The arguments put forth in the amendment filed on 09/17/2003 have been fully considered but are not persuasive. The statements on page 6, lines 16-21 and page 7, lines 1-6, in particular "incident light toward an oblique direction curves its light path and permeates" appear to be in contradiction to the generally accepted principles of physics and appear to be contradictory to the teachings of the cited prior art. The rejections as stated in the earlier Office actions are still valid.
